

# Strengthening program impact on systems and building evaluation into systems

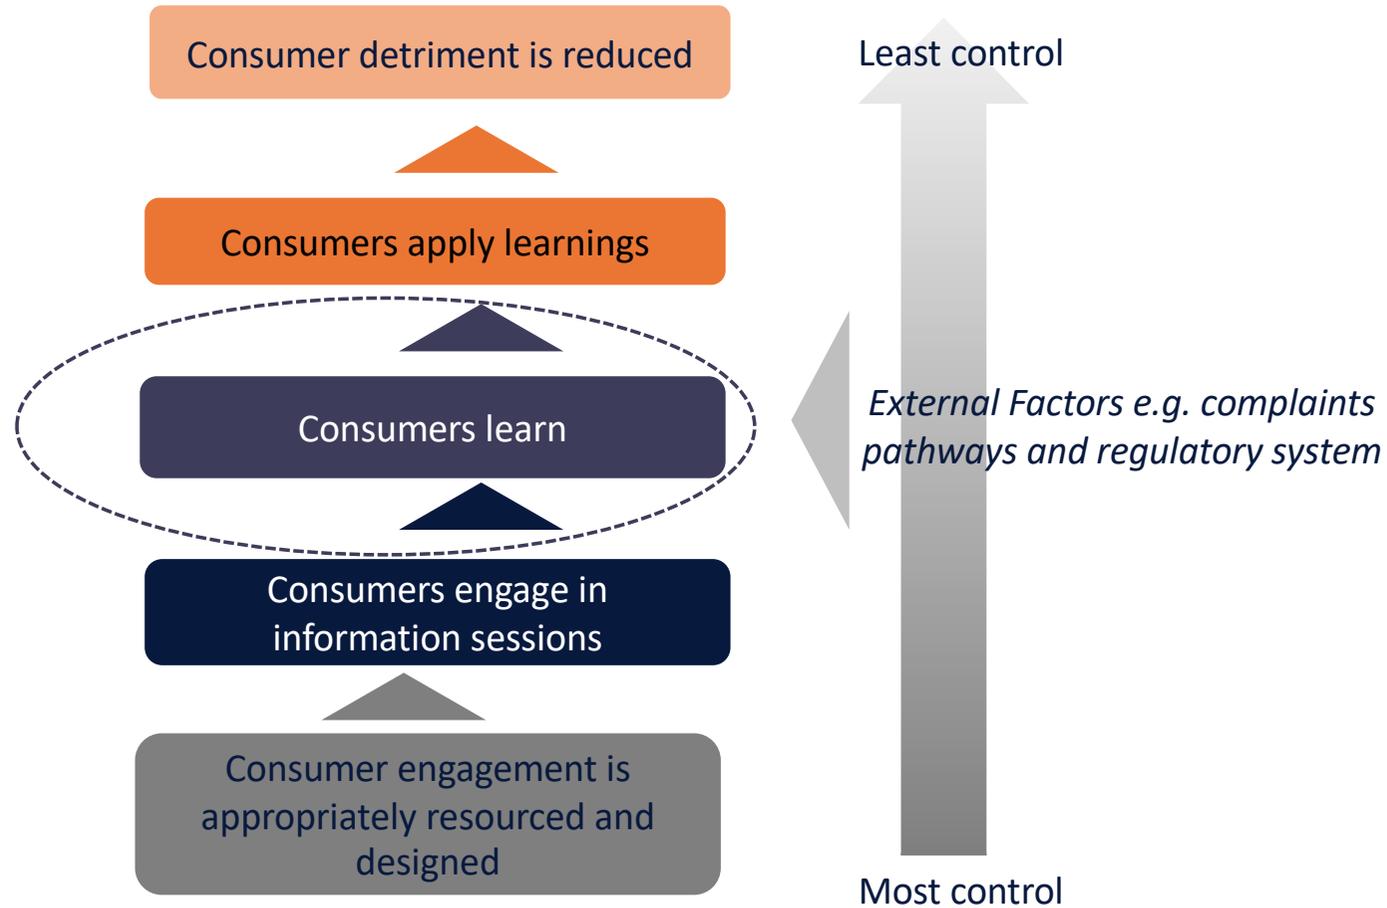

Jade Maloney and Katherine Rich

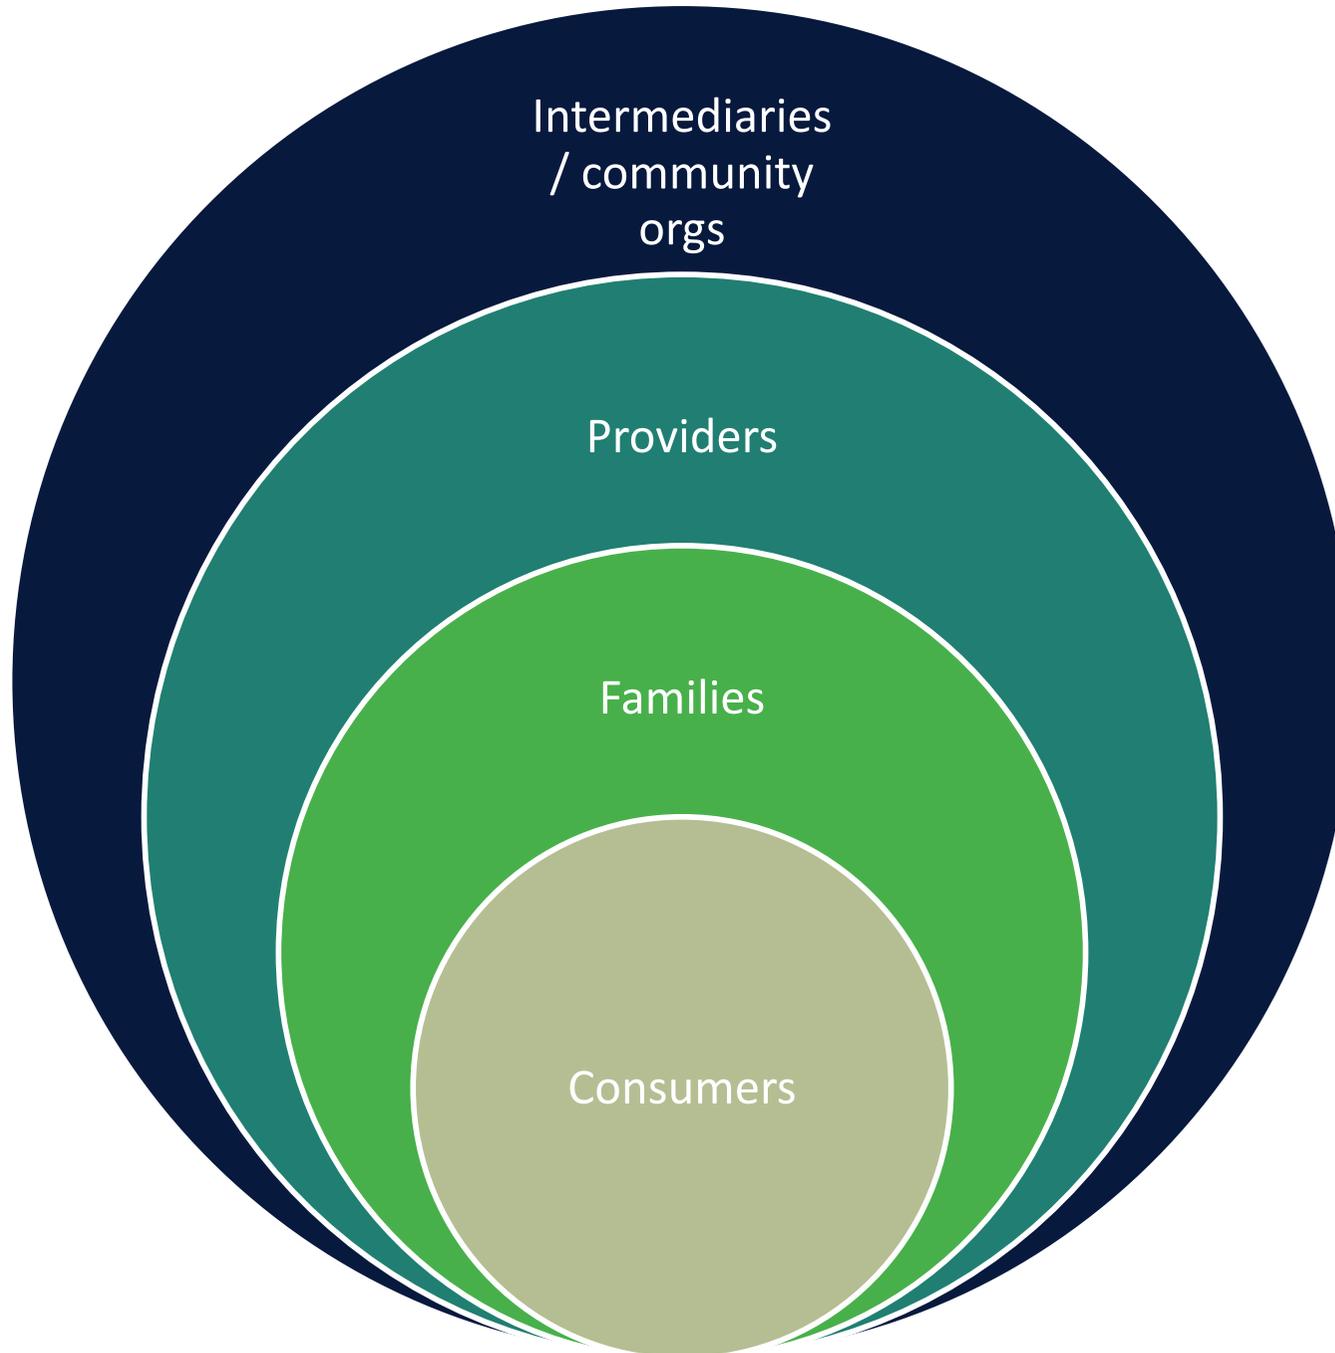

AES, 19 September, 2018

  
ARTD CONSULTANTS

# A traditional program logic

# Thinking of ecology and ecosystems

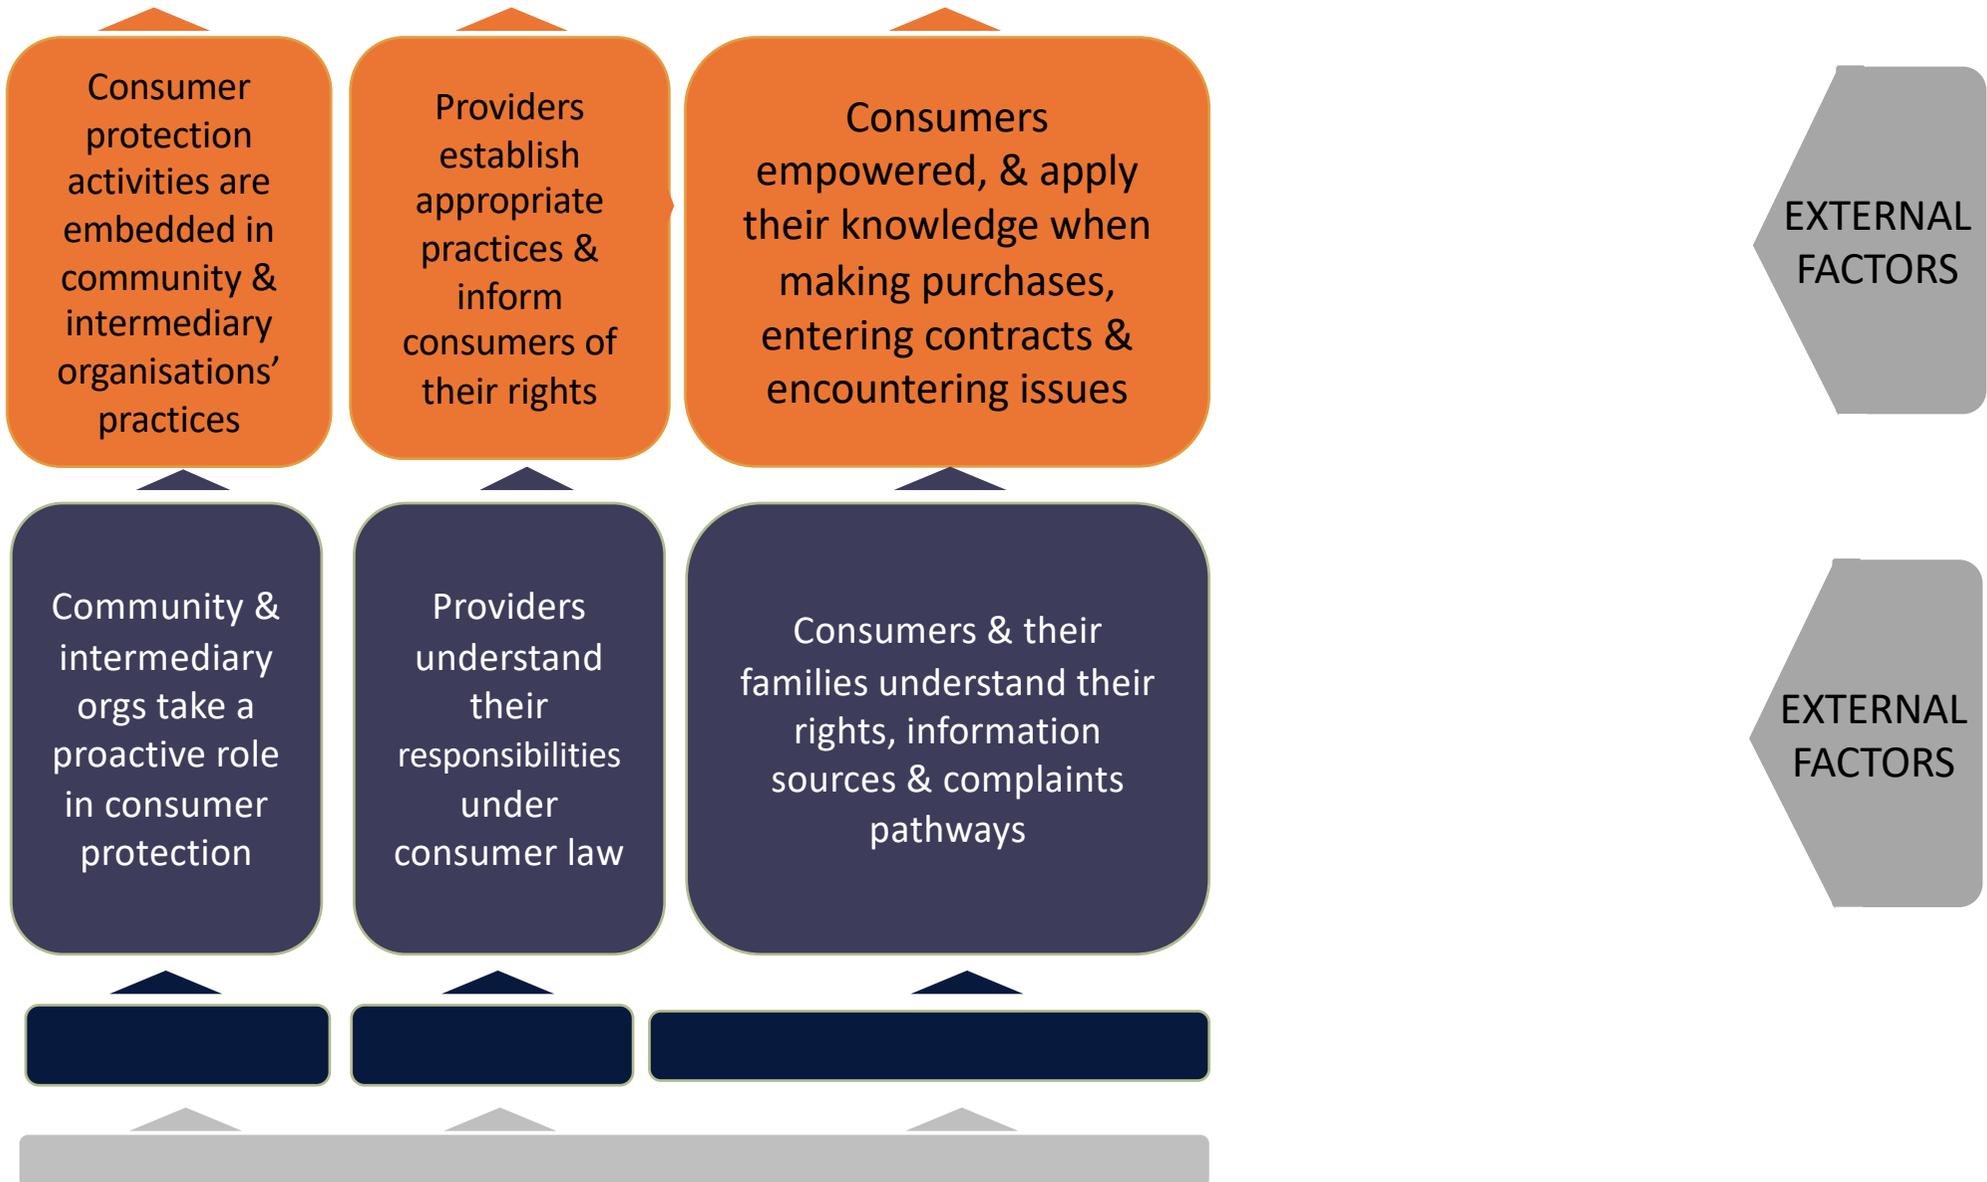

# Asset based community development

**Glass half empty OR Glass half full**

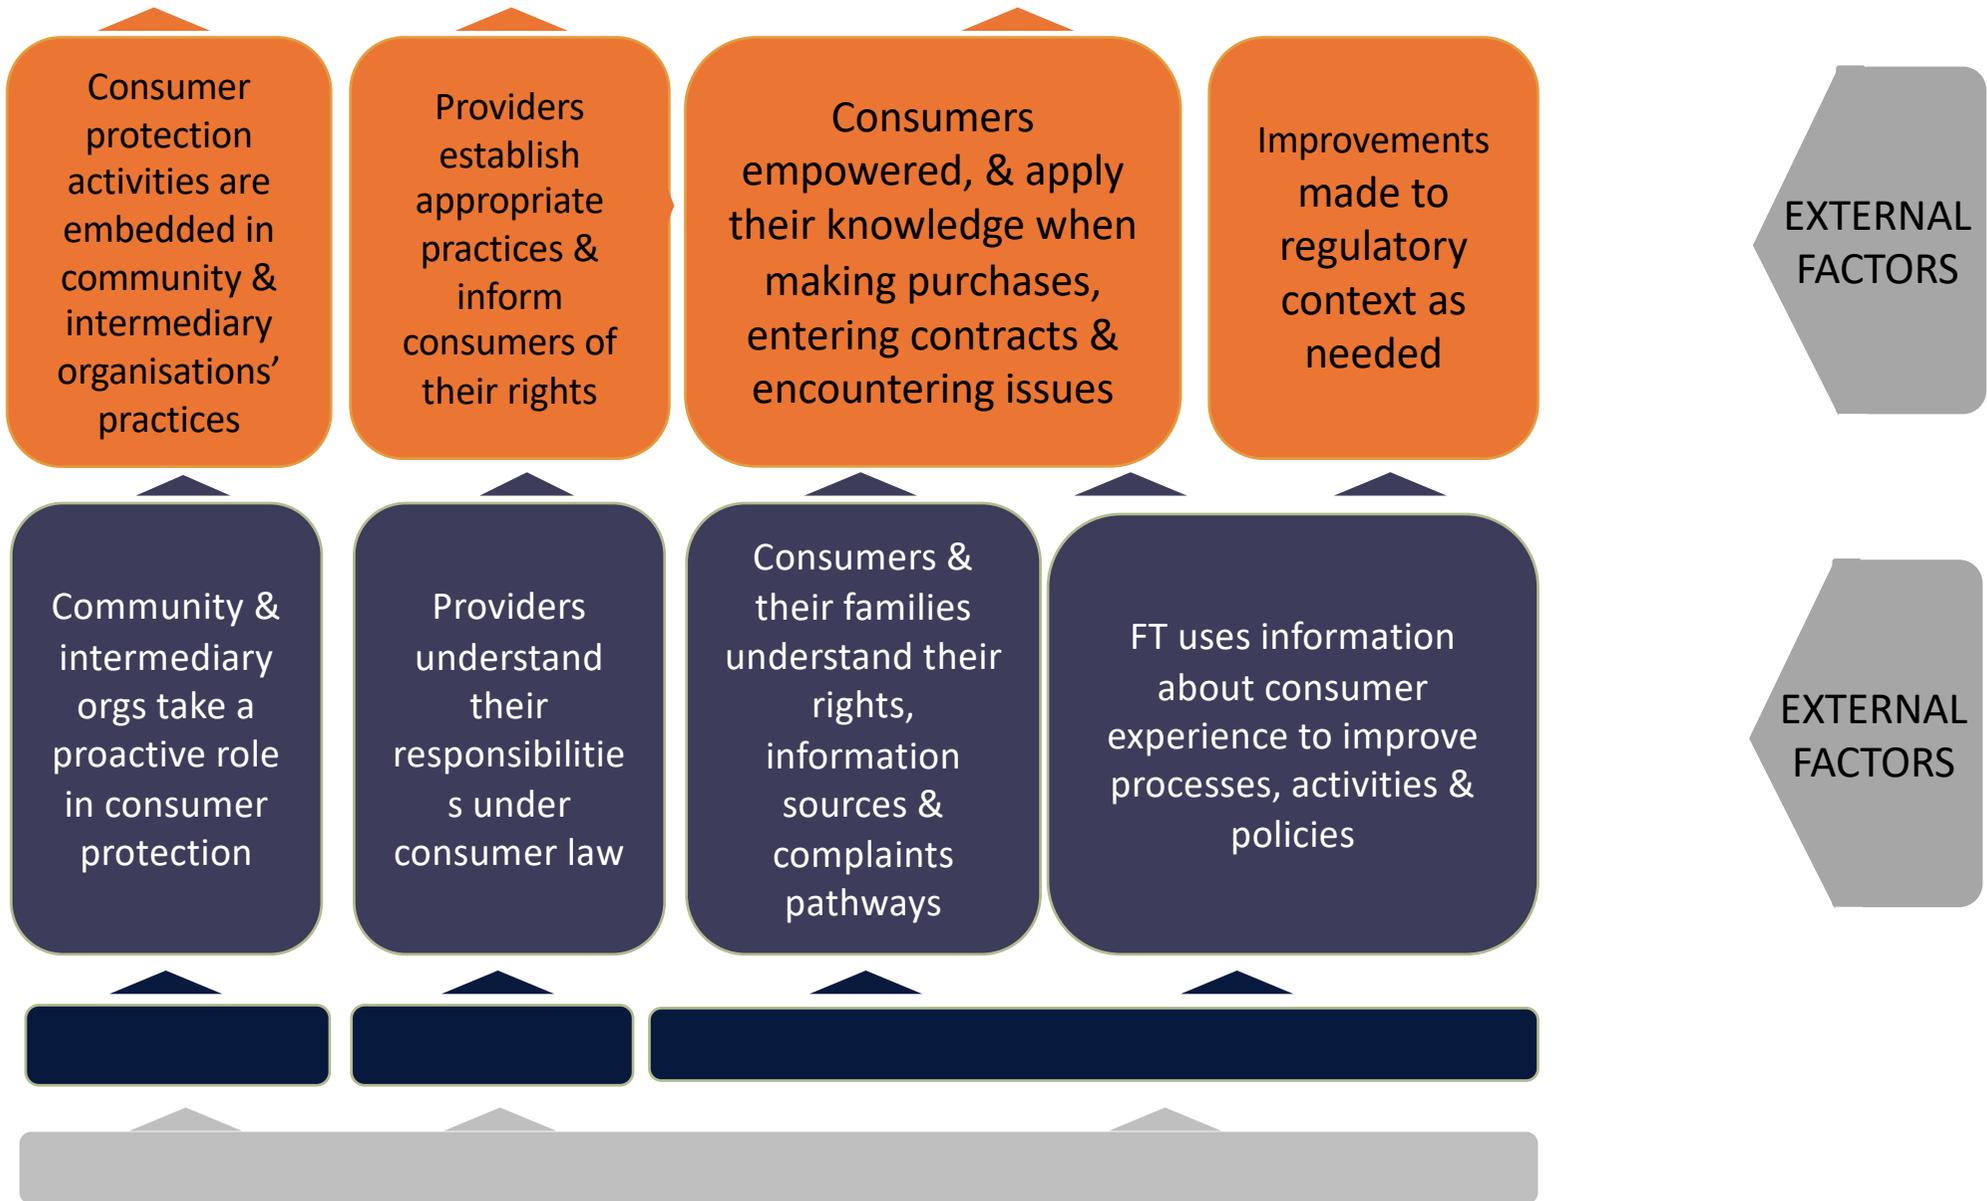

# Building the ecology into the logic

A fair and equitable marketplace, in which consumers are empowered to make informed choices, the regulatory system is effective & connected, and consumer detriment is reduced

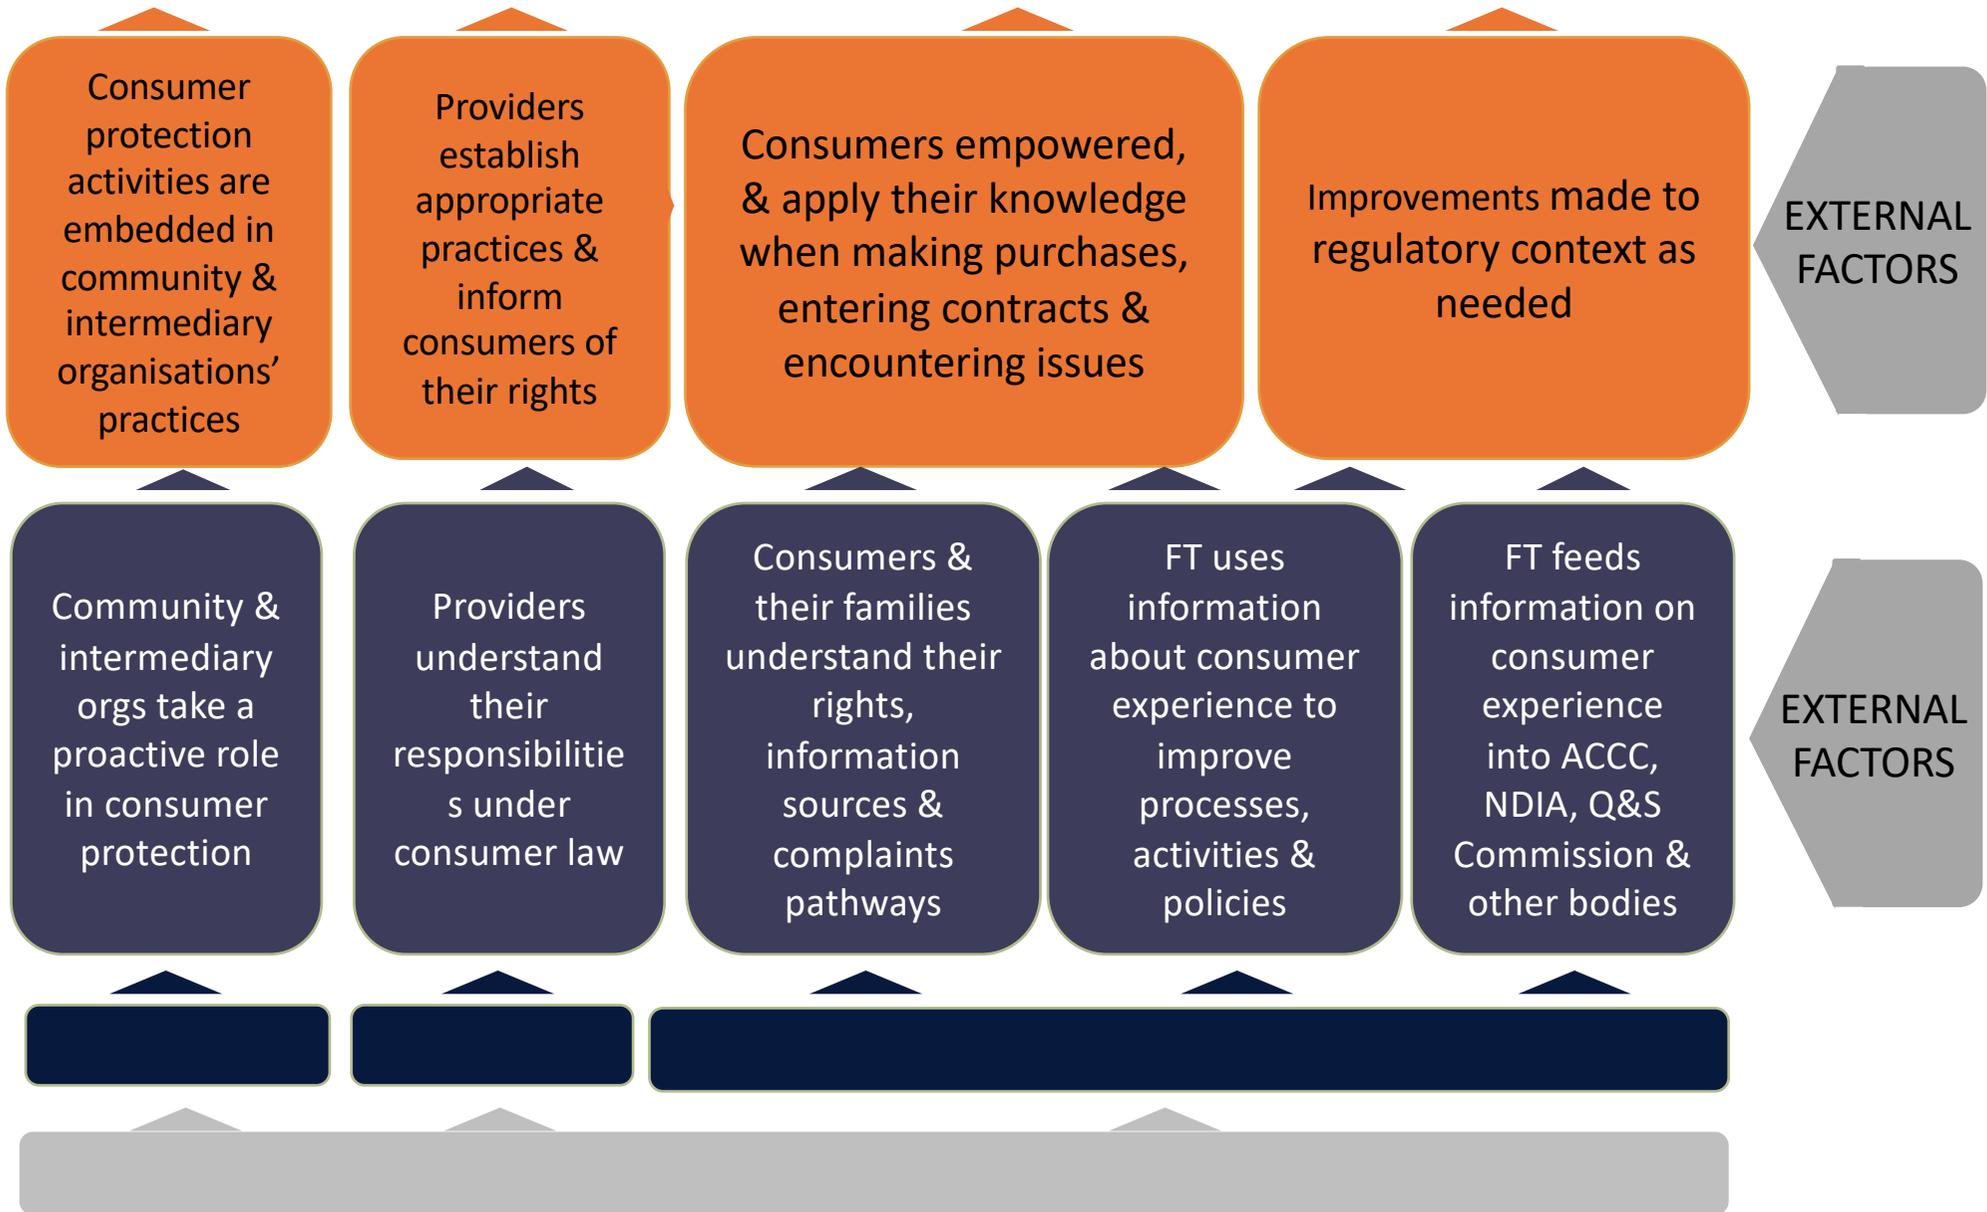

# Building Fair Trading process into the logic

A fair and equitable marketplace, in which consumers are empowered to make informed choices, the regulatory system is effective & connected, and consumer detriment is reduced

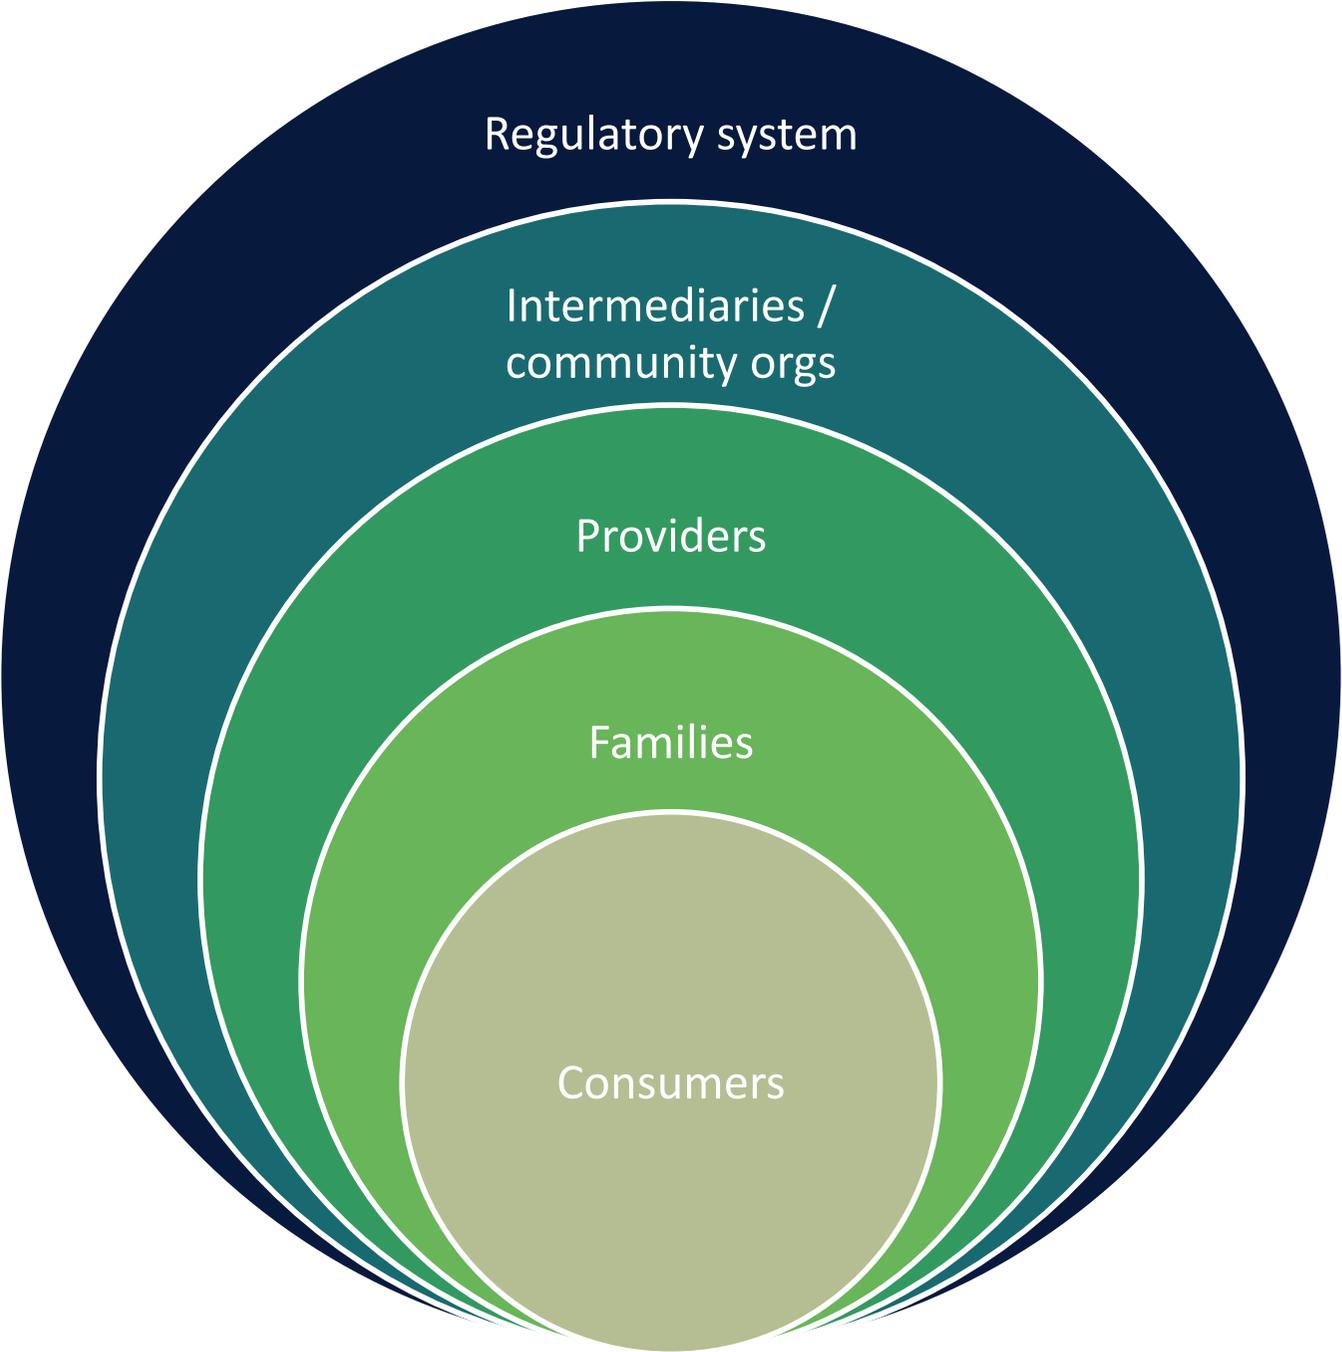

# Building the regulatory system into the process

A fair and equitable marketplace, in which consumers are empowered to make informed choices, the regulatory system is effective & connected, and consumer detriment is reduced

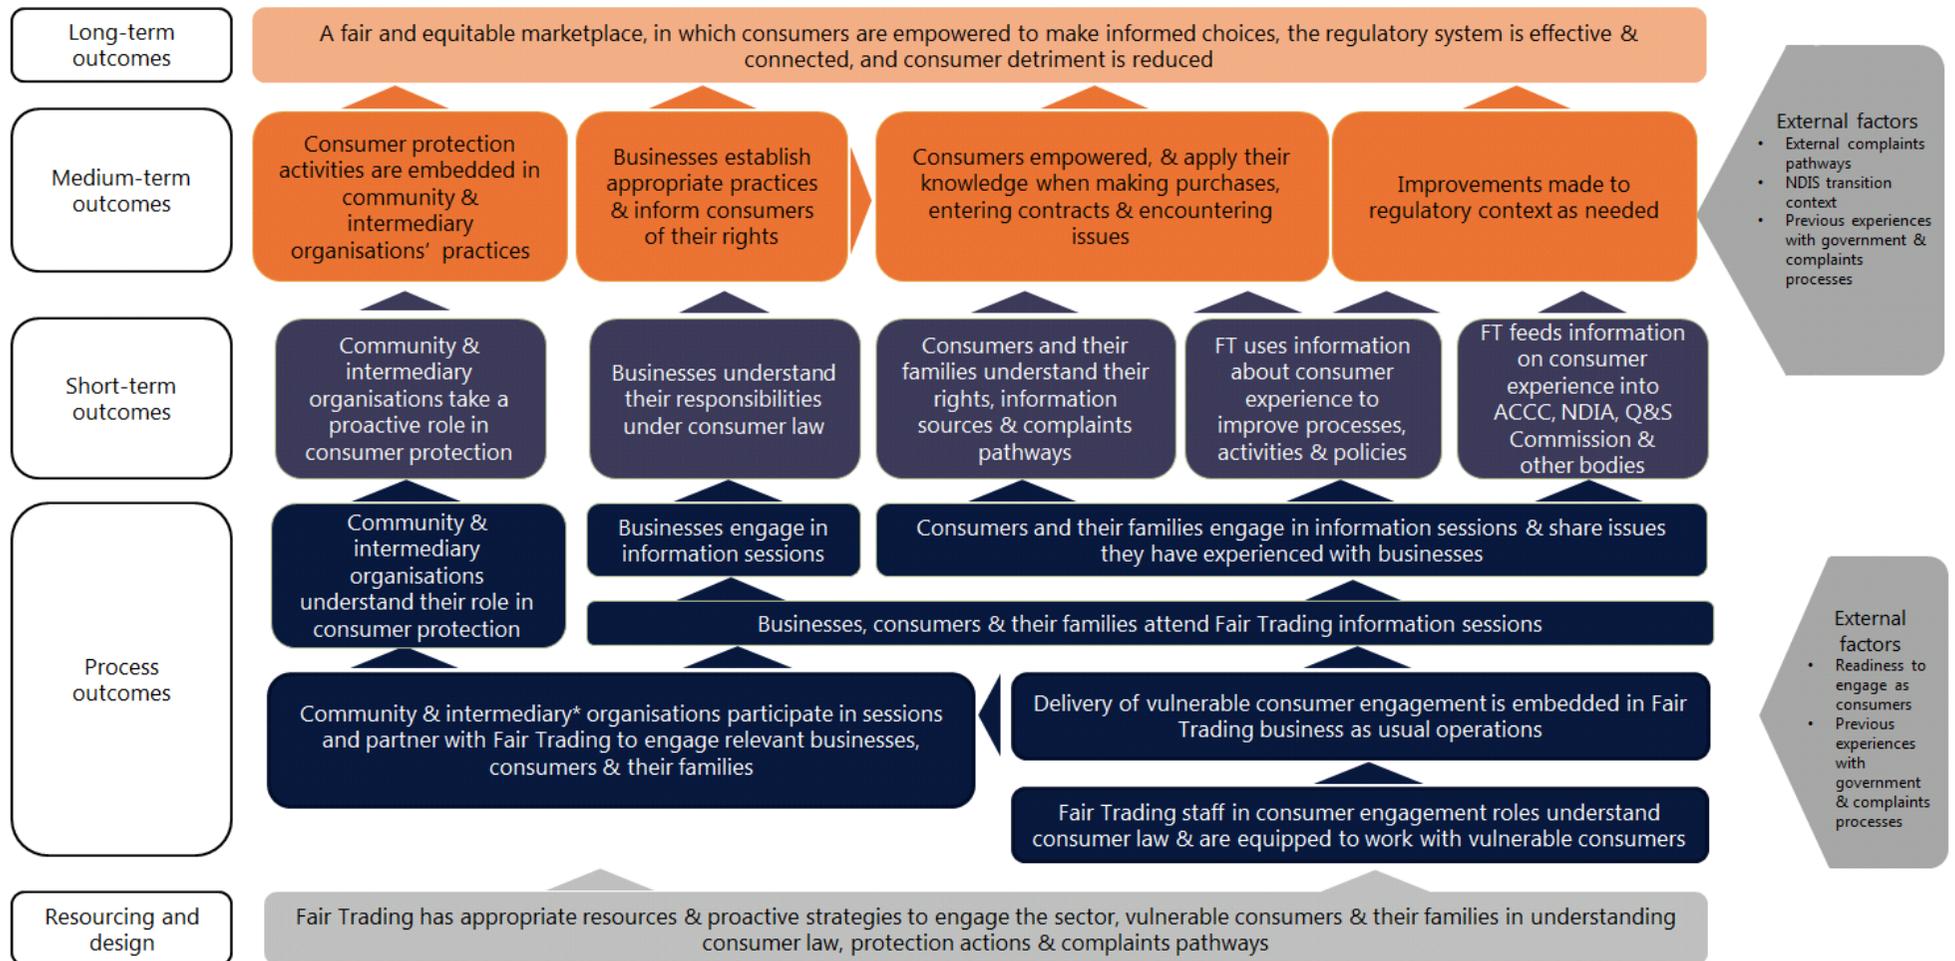

# Considering the whole eco-system

# Building data collection into existing systems

# Design and planning

# Delivery

<b>Statement</b>	<b>Yes</b>	<b>No</b>	<b>Don't know</b>
<b>I can ask someone I trust to read a contract if I don't understand it</b>			
<b>I can choose not to sign a contract if it's not what I want</b>			
<b>It's OK to sign a blank contract</b>			
<b>If I don't get what I pay for the service must fix it, replace it or give me a refund</b>			
<b>I know where to go to get more information and help about my rights as a consumer*</b>			
<b>I know I can make a complaint if I'm not happy with a service or a product</b>			
<b>I know how to make a complaint</b>			
<b>I am confident to make a complaint if I am unhappy with a service or a product</b>			
<b>It's ok if what I get is not what the service provider said it would be</b>			

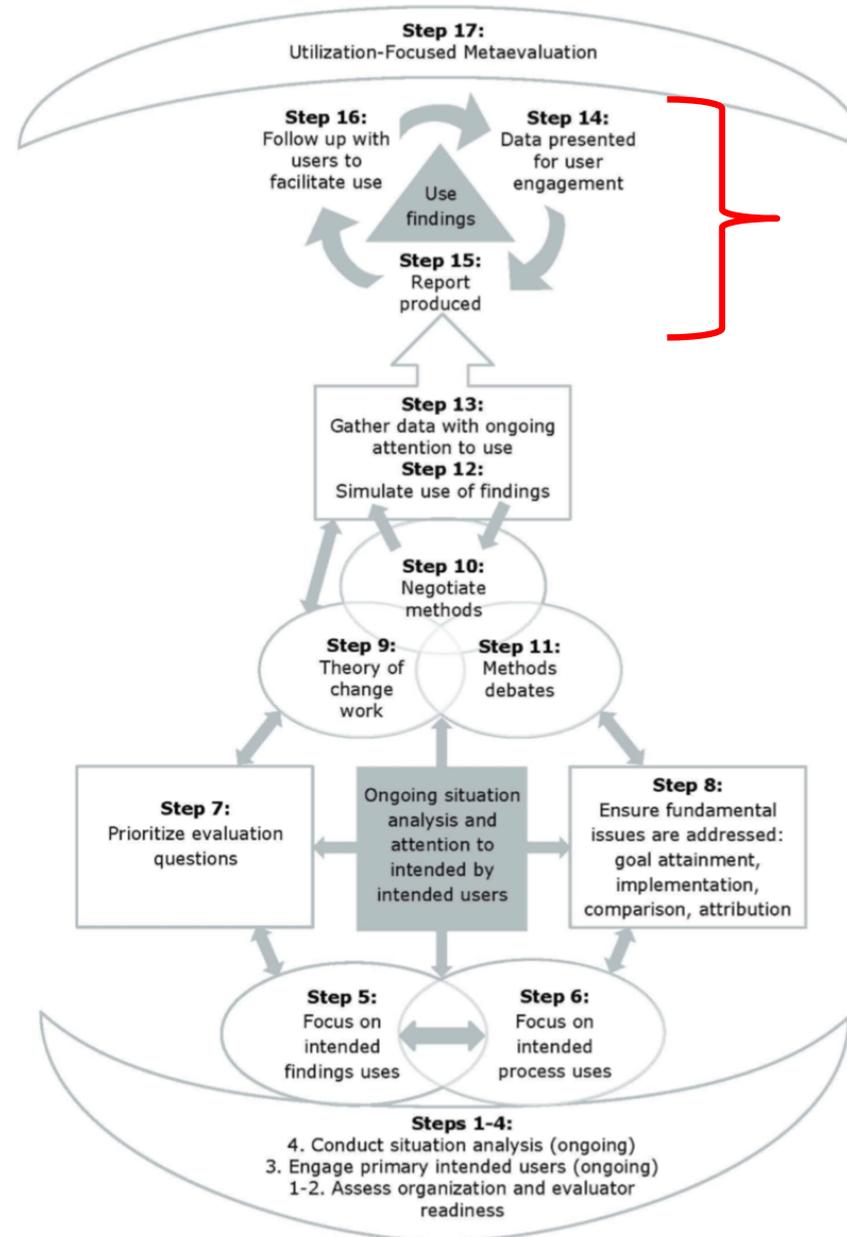

# Ongoing monitoring and evaluation

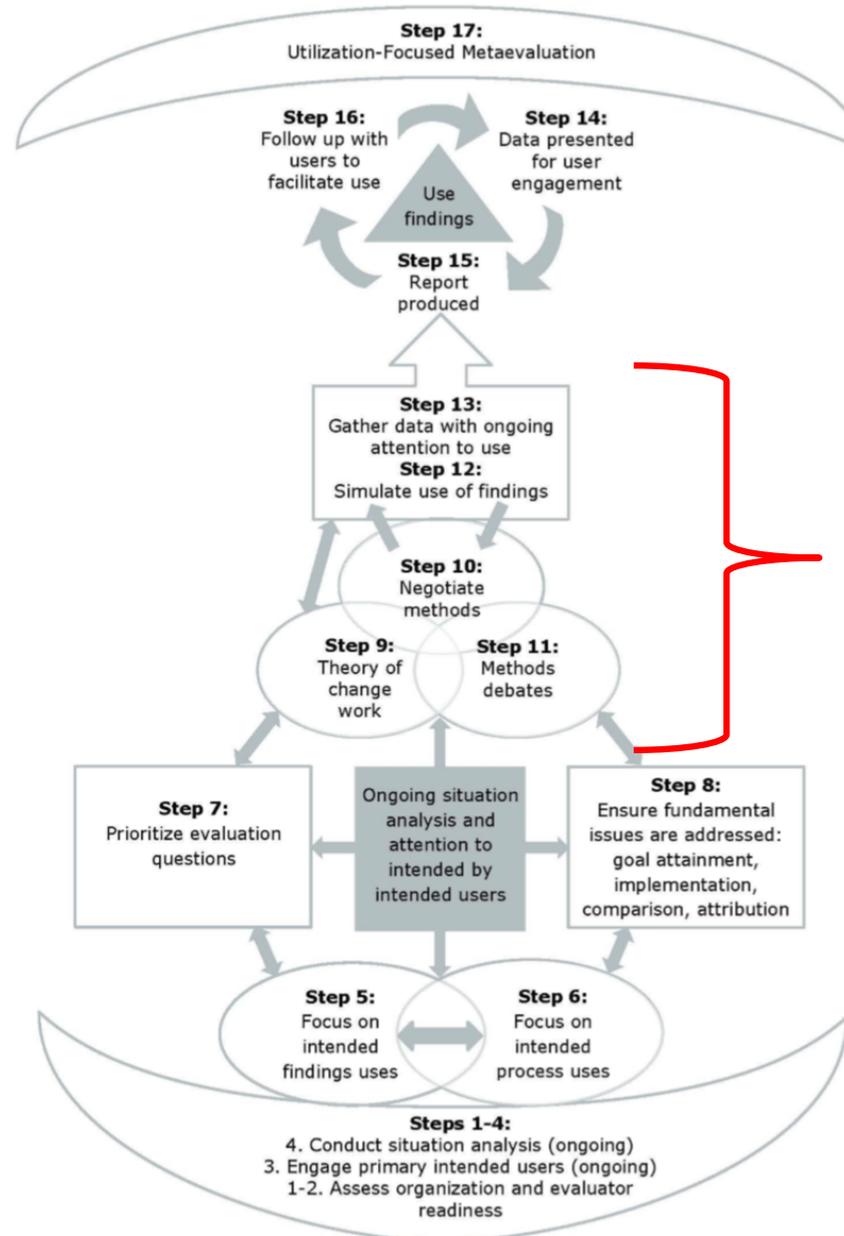

# The problem with non-use

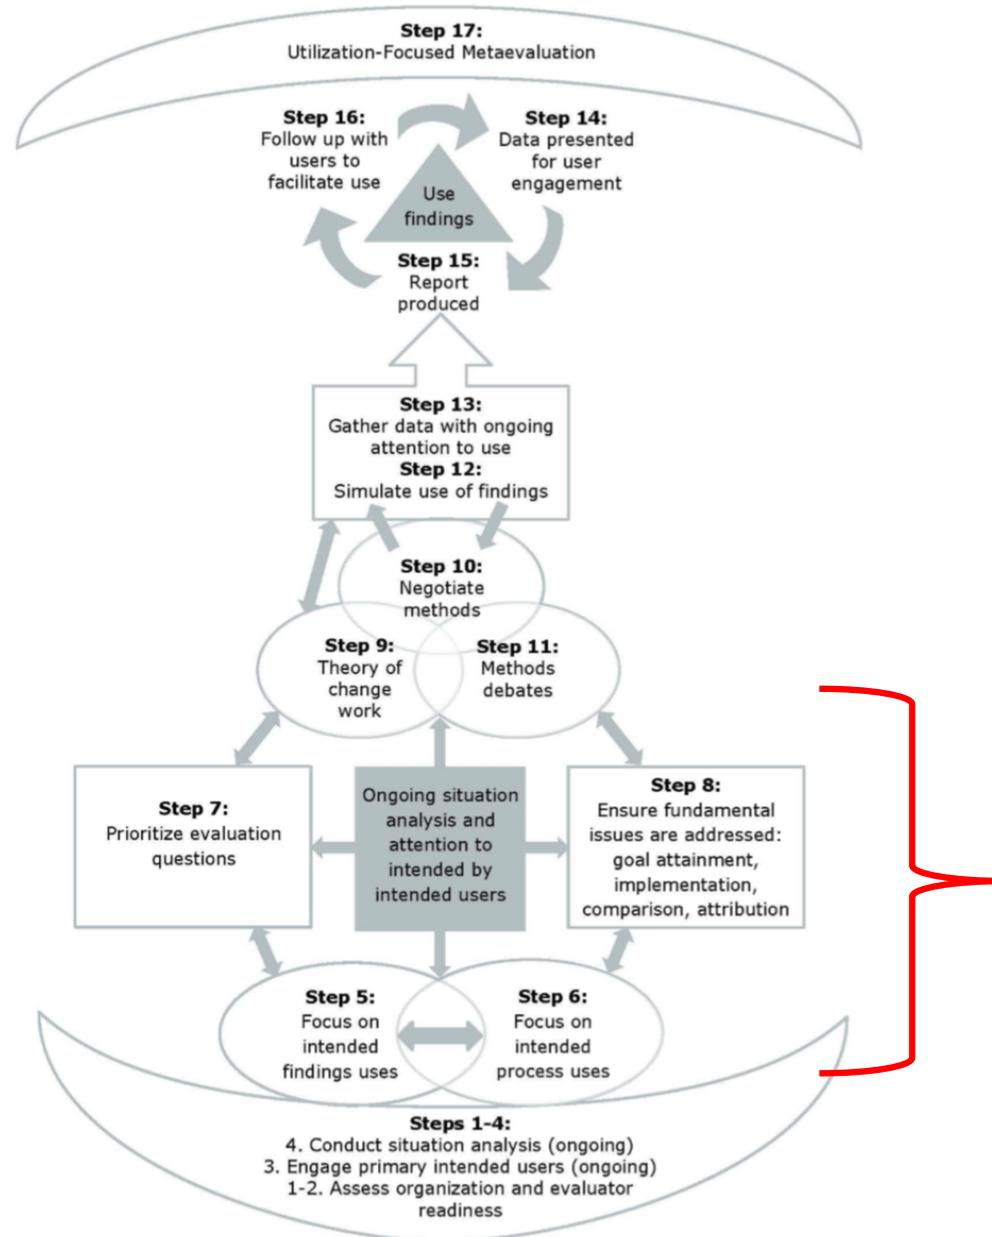

# Utilisation focused approach

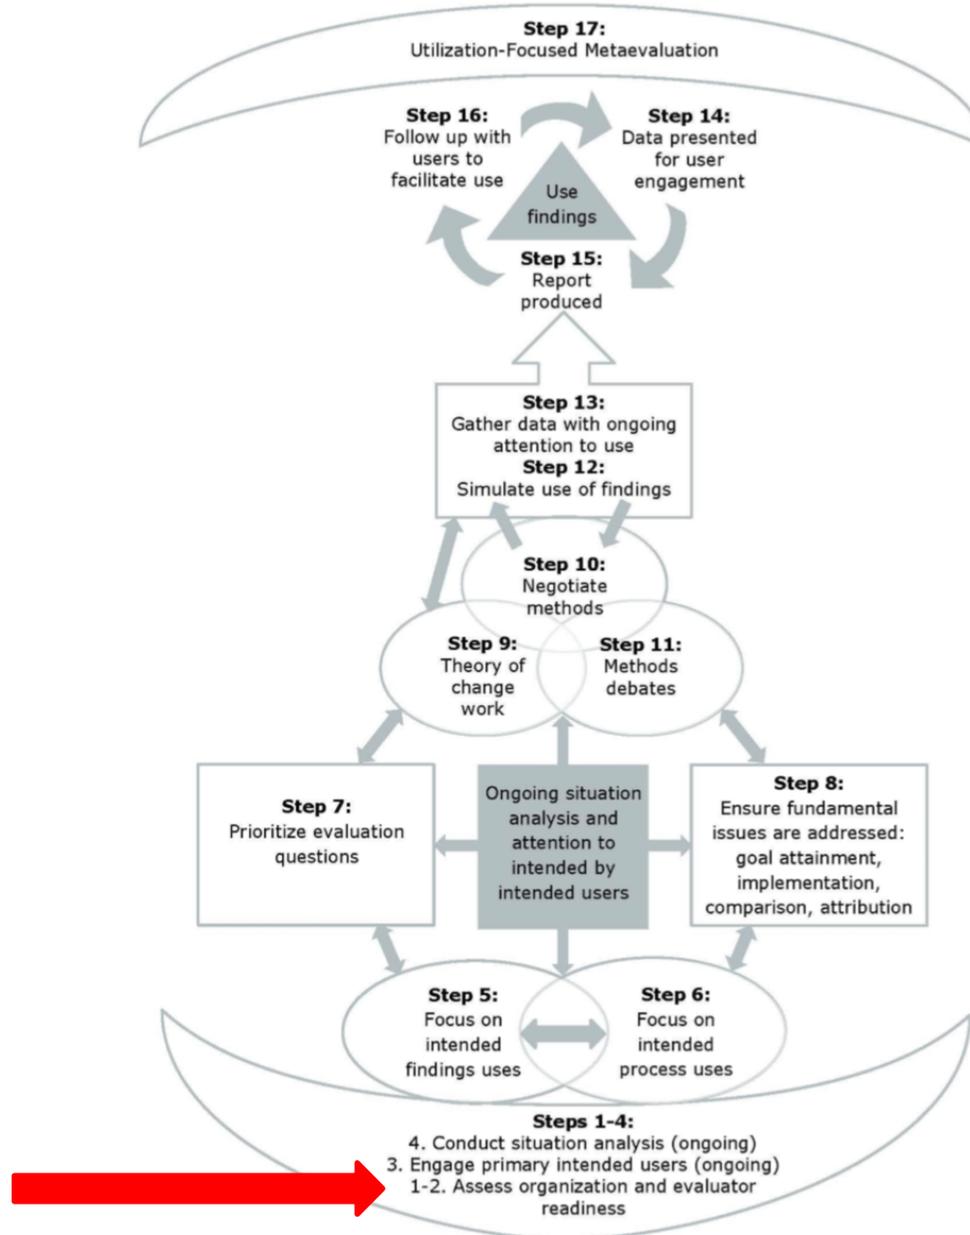

# Utilisation focused: Developing logic and methods

# Utilisation focused: Engaging primary users

# Utilisation focused: Where we went wrong

# The problem

## Statement

I can ask someone I trust to read a contract with me.

- Yes       No       Don't know

I don't have to sign a contract if it's not what I want.

- Yes       No       Don't know

It's OK to sign a blank contract.

- Yes       No       Don't know

If I don't get what I pay for, the service provider must talk to me about:

- fixing it
- replacing it
- giving me my money back.

- Yes       No       Don't know

# Overcoming barriers

## MAKE LEARNING AWESOME!

Kahoot! is a game-based learning and trivia platform used in classrooms, offices and social settings. Sign up to create, play and share engaging quizzes on any topic!

### Free for teachers & personal use

Break the ice, introduce new topics, reinforce knowledge – play an existing game or create your own for any subject!
